ORDERING SYSTEM UPDATE

At Kubota Tractor Corporation, we are committed to enhancing our services to better meet your needs. As part of this commitment, we will be upgrading our ordering systems from **January 1 - January 19**.

During this transition, we **cannot** ship new orders for parts, attachments and implements. Our dedicated dealer network is proactively stocking essential items and collaborating with neighboring dealers to ensure you receive the support you expect from Kubota. While some parts may not be available until after January 20, we appreciate your patience and are confident the new system will better handle all your future needs.
